

Must Have!

Want to learn tarot? There is a vast collection of books to pick from. So many books for you to read and fill your mind with tarot history, symbolism, meanings, methods and more! Here are my picks.

After beginner books there are books that go deeper into tarot.

Decks tons of decks! But which to pick? I have compiled a list of decks I think you might like.

Secondary decks would be decks you want to consider after getting your starter deck or even get one of these decks as your first deck, it don't matter.
